Dear Greg,

We wanted to personally thank you and the Saint Louis Alumni Association (SLAA) Board of Directors for hosting the Saint Louis School senior luau luncheon on Friday, May 27th. It was a first class event with great food provided from *Da Kitchen* and live entertainment by Rudy Molina. Additionally, your kind words along with the one year free membership really made the boys feel like a part of the SLAA. From our perspective, the young men of Kalaepohaku had a great time and the food was plentiful and very "onolicious." It's refreshing to witness the loyal support to our students and School from the alumni.

We are sure the seeds have been planted and these young men will realize the benefits of SLAA membership and become contributing members of the association in the near future. We look forward to our continued relationship between the School and the Alumni Association.

Please accept our warmest thanks and best wishes always!

Yours truly,
